## WAREHOUSING

AOS offers bonded and non bonded storage services at warehouse facilities which provides 24 hour security and efficient loading and unloading. Our customers enjoy economics of scale by storing their merchandise with us. AOS provides both public and contract warehousing for wide range of markets.

## NVOCC

As a Non-Vessel Operating Common Carrier (NVOCC), AOS acts as a liaison between shippers and carriers to ensure that goods are transported safely and efficiently. We are responsible for booking cargo, arranging for transportation, and handling documentation, among other tasks. By providing these services, we aim at facilitating international trade and commerce. Our NVOCC operations allow us to leverage the shipping volumes of imports and exports while offering ocean transportation services at competitive rate levels. We also offer a variety of value added services that can help differentiate them from their competitors. By providing these services, we have managed to assist our customers to streamline their supply chains and reduce their leverage overall transportation costs.
